Action Inquiry and the Global Leadership Profile Workshop

18th - 20th May 2020, The Lensbury Club, Teddington, London

This **3-day interactive workshop** (plus pre-course debrief) is ideal for business leaders, consultants, coaches, researchers and sustainability practitioners who wish to further their personal development and learn about the power and practice of Collaborative Developmental Action Inquiry—the only approach statistically confirmed as reliably generating both personal and organisational transformation.

All workshop participants take the **Global Leadership Profile (GLP)** and receive feedback on their centre-of-gravity, emergent and fallback leadership action-logics. Those who wish can become authorised to use and debrief the **GLP** with their clients.

Offered by **Elaine Herdman-Barker** and **Richard Izard**, with **Bill Torbert** joining us by the virtual network, **Action Inquiry** is the only programme that comprehensively blends the what, why and how of transformational leadership development, including:

- 1) the theory of Collaborative Developmental Action Inquiry (CDAI)
- 2) the assessment of leaders' predominant action-logics (either using the **GLP** or in-action diagnoses), and
- 3) the ongoing practice of **Action Inquiry** at the personal, team and organisational scales

The Workshop Experience

At our live events, you will benefit from the dynamic conversation and experience from other participants such as HR specialists, Leadership & Development experts and academics who will be together with you for three days. Alongside Elaine and Richard, the wider GLA team including a number of Senior Associates will be on hand to answer any questions and to support your on-going inquiry over the time you are with us. Together you will learn practical ways to help yourself and others:

- Assess current leadership action-logics—the centre-of-gravity, emergent and fallback perspective that guide action and influence results
- Become conscious of and shift action/ mental/ emotional habits that are limiting effectiveness
- Exercise personal power with greater flexibility and mutuality to generate personal and organisational transformation
- Develop collaborative practices that increase mindful, relational and cultural intelligence in the wider organisation
- Build capacity to lead from the inside out, confidently responding to the deepest calls of our human nature and of the natural world that holds us

➔ What is the relevant leadership logic for a given context?

➔ What potential are we missing when we underplay the fluidity and imperfections in leadership development?

The Lensbury Club

We are delighted to be able to hold our Workshop at the beautiful Lensbury Club in Teddington. Set in 25 acres of grounds next to the River Thames the Club is a wonderful setting. Calm, spacious, friendly and generous are words that describe it well. Yet it is also a centre for elite level sport and so somehow the combination of calm with peak performance and development make it a wonderful metaphor for our learning about stage development together.

GLA Workshops - Client Testimonials

"I attended both the recent London accreditation Workshop and also the Advanced Practitioner Programme, which invites you to take a deeper dive and answers the 'what next' question, developing a wider community of practise and inquiry. The space was creative and inviting in anticipation for learning, exploration and living the theory. I was joined by a group of wonderful, like-minded people who were happy to share their rich experiences, both professionally and personally. Elaine in particular is a wonderful facilitator - She manages to create a perfect balance between academic rigour and skilful use of art, metaphor and story-telling for making complex concepts not only accessible, but also much easier to integrate by the audience.

Alis Anagnostakis, Consultant and Executive Coach

"I recently attended the Action Inquiry & Global Leadership Profile (GLP) Workshop in London and am a complete convert. The idea of Vertical Development through GLA's specific lens and industry leading measurement tool, the GLP, has massive potential for both personal and professional development at all levels of an organisation.

I arrived at the Workshop steeped in various theories and models with which I was currently working at doctoral level; meaning that I was very curious and even more sceptical! However, Richard and Elaine patiently and expertly guided us through making sense of the action-logics and GLP, and importantly, were able to ground their claims in strong academic research.

Since the Workshop, I have engaged with the action-logics and theory in various settings all with great success. I have personally developed tremendously as a direct result of completing the GLP and having attended the event."

Niel Stander, Sensibus Consulting

The Workshop helped me understand the different action-logics in more depth. Elaine's very visual and creative presentation was extremely helpful and Veronica's systemic viewpoint adds an interesting dimension to CDAI. The pedagogical approach of "teach to learn" is stimulating and enriching. Thank you!"

Roxane Loiseaux, Consultant Coach

"It was an outstanding program, it really stretched my thinking which was exactly what I wanted. I left with both a sore head and what feels like a much bigger perspective. Thanks!"

Nick Petrie, Senior Faculty, Center for Creative Leadership

"Thank you for creating such an inviting and safe space for personal learning, exploration and fun! What a wonderful group of people you attracted to the workshop – the openness and generosity of spirit was palpable! I have a heightened appreciation for how valuable being in a community of inquiry is to growth and development."

Beth Massiano, Consultant and Executive Coach
